Dear SHI and Pension participants,

Given the current complex context, the SHI and Pension teams are proposing the following:

1- [Check our respective Intranet sites for information:](#)

- SHI Online: [SHI-Online Portal - Home](#)
- Special Guidance for Pension: [Restructuring/prioritization process](#) including :
- How to check the annual Pension statement and run an estimate in Member Self-Service (MSS): [About Member Self-Service \(MSS\) - UNJSPF](#)
- Refer to the annual Pension Information Note regarding personal status, separation documents etc (e.g. 14/2024): [Information Notes](#)

2- [Register **HERE** to group briefing sessions offered once a week in May and June, morning or afternoon, in English or French:](#)

- The sessions are primarily for participants whose position/programme will be impacted in the coming months
- You can listen to all or part of the session (e.g. SHI and/or Pension)
- You do not need to register to all the 8 sessions as they will be exactly the same
- You can ask questions in the chat (or Q&A) during the presentation and another colleague will strive to answer most
- Kindly also listen to recordings or view slides of past sessions on HQ or your region's intranet page, if you already listened to a session or are less impacted by the restructuring
- If you still have questions after the session, contact:

- SHI : SHI_Affiliations@who.int

- Pension: pensonticket@who.int

Best regards,
SHI & Pension Teams
